

Farming in Protected Landscapes programme

Farming in Protected Landscapes - Year Three Approved Projects in the Year to 1 April 2024

Name	Town	Fipl Grant Award	Total Project Cost	Project Start Date	Project End date	Project Description
Pick	Itchenor	£ 1,923.35	£ 8,955.00	10/02/2023	05/04/2024	Precision Farming GPS Kits to reduce oversteer and allow for more accurate application fertiliser and herbicide thus reducing runoff into nearby watercourses (in addition to £1,658.65 claimed in Year 2 for this project)
Strange	Bosham	£ 10,271.25	£ 22,825.00	28/11/2022	07/04/2024	Purchase of GPS Fertiliser Spreader to allow more accurate application.
Sawday	Chichester	£ 12,054.00	£ 26,000.00	23/03/2023	21/04/2023	No Till Drill for the purpose of establishing cover crops which improve soil quality, filtration and protect the soil from erosion
Chichester Harbour Trust	Thorney Island	£ 1,813.00	£ 1,813.00	02/05/2023	06/09/2023	Phase 1 Ecological Survey for Marina Farm prior to restoration and rewilding programme
Tuppenny Barn	Southbourne	£ 10,056.56	£ 10,056.56	30/06/2023	17/01/2024	Upgrade of facilities to allow for increased provision of workshops for volunteers and the local community
Chichester Harbour Trust	Thorney Island	£ 30,000.00	£ 105,239.00	01/10/2023	18/03/2024	Project to remediate neglected site by demolishing existing derelict buildings, and restore the land to nature for benefit of wildlife and the local community.
Manhood Farmers Cluster Group	Manhood Peninsular	£ 26,475.80	£ 26,475.80	30/06/2023	21/03/2024	Phase Two Farm Environmental Land Surveys on farms across the Cluster Group to identify optimum locations for habitat creation and wildlife corridors. A particular focus on Grey Partridge habitat creation.
Green	Itchenor	£ 4,999.00	£ 4,999.00	29/06/2023	19/03/2024	Natural Capital Report to identify opportunities to enhance the ecosystem on the farm
Wilson	Hayling Island	£ 10,000.00	£ 18,000.00	21/11/2023	08/01/2024	GPS Fertilizer spreader to allow for a higher degree of accuracy in application and a reduction of excess fertilizer runoff.
Gentle	Birdham	£ 14,400.00	£ 26,950.00	25/10/2023	01/02/2024	Low Disturbance Tool Bar to be used in conjunction with the farms direct drill to improve soil water filtration and reduce water runoff into nearby water courses
Monnington	Siddlesham	£ 10,800.00	£ 21,600.00	21/11/2023	01/03/2024	GPS Fertilizer spreader to allow for a higher degree of accuracy in application and reduce excess runoff of fertilizer
Sprackling	Thorney Island	£ 1,504.83	£ 1,881.04	21/11/2023	01/12/2023	Additional Electric grazing to allow strip grazing of the airfield resulting in a positive impact on soil quality
Russell	Chidham	£1,200.00	£ 1,200.00	25/02/2024	30/03/2024	Management Plan for the pond to improve environmental and ecological condition
Tuppenny Barn	Southbourne	£4,561.63	£ 4,561.63	16/02/2024	12/03/2024	Extension of facilities to support year round growing programme for volunteers and local community members
Chichester Harbour Conservancy Volunteers	Itchenor	£9,016.36	£ 9,478.32	15/03/2024	30/03/2024	New tools for volunteers use for work on environmental schemes and maintenance across the Chichester Harbour National Landscape
Manhood Farmers Cluster Group	Manhood Pensinsular	£7,720.00	£ 7,720.00	16/03/2024	22/03/2024	Purchase of Advance Partridge mix and Flower Rich Margin mix for use across the Cluster Group farms with a total of 34 acres to be planted.
Wilson	Hayling Island	£2,824.32	£ 3,284.09	16/03/2024	26/03/2024	Nectar Seed mix to increase the biodiversity of the farm
TOTAL		£ 159,620.10
